# GOING SUSTAINABLE IS NOW A NO-BRAINER

Turn your under-utilised roof into a sustainable energy utility and ensure your commercial property stays leased, for longer.

## **Zero Upfront Costs**

Geniux / AEP will install a renewable energy system at your premises for Zero Up-Front Costs to you or your tenants.

## **Savings of up to 25%\***

Your tenants will save up to 25%\* for the term of the agreement, which could equate to thousands of dollars.

## **Free Monitoring & Maintenance**

Geniux / AEP will monitor and maintain the system for free, so sit back and enjoy the benefits of sustainable energy.

## **Energy Retail Exemption**

Associated Energy Partners (AEP), a subsidiary of Geniux, has an AER Class 8 Energy Retail Exemption, which licenses them to sell Renewable Energy as a Service to commercial customers.

## **Clean Energy Council Accreditation**

We are a CEC accredited retailer, designer and installer of Tier 1 solar

panels and inverters, so you can expect the highest level of system performance and reliability.

Since 2016, our expertise and experience has seen us successfully deliver Renewable Energy as a Service to hundreds of satisfied landlords and tenants.

No lock-in contracts, just 100% Sustainable, Carbon Free, Green Energy.  
Good for you, the planet and future generations.
