GOING SUSTAINABLE IS NOW A NO-BRAINER

Say goodbye to high energy bills and join the renewable energy revolution with Geniux AEP!

Our CEC accredited system uses Tier 1 solar panels and inverters, delivering exceptional performance and reliability - all with zero upfront costs.

Choose sustainability and switch to clean, green energy today.

Save Thousands off Energy Bills

Going sustainable means you'll save up to 25%* for the term of your lease and be insulated from any grid cost fluctuations, as all future price rises are indexed to CPI.

Free Monitoring & Maintenance

Geniux/AEP will monitor and maintain the system for free, so you can sit back and enjoy the benefits of sustainable energy.

Carbon Offset Certificates

We'll provide you with Carbon Offset Certificates to demonstrate your clean, green, credentials.

Energy Retail Exemption

Associated Energy Partners (AEP), a subsidiary of Geniux, has an AER Class 8 Energy Retail Exemption, which licenses them to sell Renewable Energy as a Service.

Since 2016, our expertise and experience has seen us successfully deliver Renewable Energy as a Service to hundreds of satisfied tenants and landlords.

No lock-in contracts, just 100% Sustainable, Carbon Free, Green Energy. Good for you, the planet and future generations.
